Happy SEPTEMBER, 2003

Meetings-

Special thanks to Mark Bingham of James M. Pleasants Co. (presented Hydronic Sys. Seminar at our **April 2003 Meeting**.)

Special thanks to Mr. Charles Parrish, Professional Engineer with the Industrial Extension Service (IES) at North Carolina State University. He shared ISO 14001 AND HOW IT IS UTILIZED TO FOCUS ON ENERGY at our **June 2003 Meeting**.

Special thanks to Mr. Carl Lundstrom, Professional Engineer with EMC Engineers, Inc. (of their Atlanta offices) for presenting a program on specialized experience in the areas of commissioning, retro-commissioning, and building automation systems at our **September 2003 Meeting**..

Wanted: National and Local Members

Several have asked about joining AEE. There are 2 levels of membership, National and local. To join National, go to www.aeecenter.org/membership and you can join national and local memberships. National dues are \$155 and local chapter dues are \$25. If you just want to join the Tarheel AEE, write Bill Gilbert at bgilbert@johnston.k12.nc.us and he will send you a local member application. The national web site gives you all the benefits of being a national member.

OCTOBER PROGRAM:

Want to learn about Green Power?

Come to the meeting, **Monday, OCT.20,2003** to find out. Presentation at exactly 6:30pm

Location: Ramada Inn, Blue Ridge Road

Time: 5:45 – 6:30 PM Social

Program: 6:30 PM

Presenter: Mr. Carl Wilkins

Mr. Carl Wilkins is the Director of Client Services for Advanced Energy Corporation

Monday, OCT. 20, 2003 MEETING:

(formerly Alternative Energy Corp.). He has over 20 years experience working for Carolina Power and Light. (now called Progress Energy) in a variety of managerial, supervisory, and research and analysis roles. Carl is directly involved in the coordination and development of **North Carolina's GreenPower Program** and renewable energy sources. .

Program: YOU CAN LEARN HOW WE, ALONG WITH THE ADVANCED ENERGY CORPORATION, CAN PROTECT OUR ENVIRONMENT.WHILE PARTICIPATING IN "GreenPower". The OCTOBER meeting of the Tar Heel Chapter of the Association of Energy Engineers (AEE) will discuss how the North Carolina statewide **GreenPower program** is designed to work. Blocks of power may be selected by customers (residential as well as other customers) so that those blocks are guaranteed to be generated from renewable resources.

31 Other States in the United States are participating and NORTH CAROLINA IS THE FIRST STATE to have all its electric utilities in the state voluntarily participate and utilize a non-profit 3rd party administrator while taking only NON-Utility generated Green Power. See how we can provide a better future for our children and improve both the quality of life and the quality of our air.

Working together since 2001, stakeholders, including utilities, the environmental community, technology suppliers, and consumers have worked with Advanced Energy Corp. to provide this innovative program.
